IQ^{V20} Series

BC2022—High Capacity x5.0 Battery

BC2022—High Capacity x5.0 Battery

Recommended Image for catalog / Print use.

Recommended Catalog Description:

The BL2022 IQV20 Series High Capacity x5.0 Lithium-Ion Battery delivers unmatched performance with 68% longer run time and the same size and weight as its predecessor. Fully compatible with all existing IQV20 tools and chargers and equipped with the same intelligent Battery Management System (BMS), we make sure you get more out of every volt.

Recommended Compelling Product Advantages:

Performance: The BL2022 High Capacity 20V 5.0Ah lithium-ion battery delivers up to 68% longer run time than its predecessor (That’s over 800 lug nuts when used with the W7150!). And at the same size and weight as the previous model you can get more work done on a single charge.

Durability: The intelligent Battery Management System (BMS) allows the battery to communicate with the tool and charger to offer triple battery protection, prevent over loading, over charging and over discharging for longer tool and battery life.

Versatility: The BL2022 5.0Ah lithium-ion battery is compatible with all IQV20 series power tools allowing you to swap batteries and tools to get the job done right every time.

Warranty: 2-year High-Capacity Battery Replacement*.

*applies to batteries 2.4Ah or greater. For more information visit ingersollrandproducts.com/cordless
