

Product Update – AGA1-25 Gauge Mounting Block

Hi-Force is pleased to announce the launch of the AGA1-25 gauge mounting block. This new mounting block is suitable for use with all Hi-Force ¼"-18 NPT gauges and offers a user friendly angulated design, which allows for increased visibility of the gauge face during operation. The new AGA1-25 is ideally suited for, however not limited to, use with all Hi-Force HP pumps and can also be found within the stepped jaw spreader twin kit, (SJS10-TK) which is supplied with 2 AGA1-25 mounting blocks and the 4-way and 2-way controlled manifolds.

Sales & marketing support available:

- The Hi-Force catalogue page has been updated to include the AGA1-25 gauge mounting block

The AGA1-25 is available for supply allowing Hi-Force offices and distributors to begin promoting the new gauge mounting block with immediate effect. For pricing information, please contact your regional Hi-Force office.
